#### 7480- MOTOR VEHICLES ON SCHOOL PROPERTY

The school grounds owned and maintained by this Board of Education are subject to damage by motor vehicles. Accordingly, the Board has provided areas, adjacent to the school building, in which employees of the district and visitors to the school may drive and park motor vehicles.

The Board prohibits the use or presence of any motor vehicle, including but not limited to motorcycles, all-terrain vehicles, snow mobiles, golf carts and mopeds, for any purpose on any part of the school property owned by the Board other than the driving and parking areas established by the Board except as expressly permitted by the School Business Administrator/Board Secretary. Properly registered vehicles are allowed providing they are operated in a safe manner, consistent with all legal requirements by a licensed operator that meets the legal driving age requirements.

The Board directs the Superintendent to have conspicuous notices posted forbidding the parking of motor vehicles in undesignated areas of the school grounds.

The Board reserves the right to prosecute in a court of competent jurisdiction any person whose violation of this rule results in damage to the property of this district.
